

PRODUCT INFORMATION

SUN-FLEX® EASYDESK PRO is a desk designed for flexibility and function. It's equally suited for the office and home office as for schools and activity-based workplaces.

With a design tailored for the modern user, SUN-FLEX® EASYDESK PRO combines carefully selected materials for optimal stability with multifunctional use.

Its unique construction allows the desktop to be tilted up to 90°, providing not only flexibility during use but also an exceptional storage solution. When tilted vertically, the desk takes up minimal space, making it ideal when space is a precious commodity.

Furthermore, with a manual height adjustment feature powered by a gas spring and foot pedal, users can effortlessly switch between standing and sitting positions without the need for electricity.

With SUN-FLEX® EASYDESK PRO, you receive a reliable and practical workstation tailored for today's working environments.
